

I remember spending much time during the summer at Mia FASTER's house, playing in the yard, and eating lunch with her. I have only very vague memories of Teodor.

One incident I remember vividly happened one warm summer day when I was playing with my friend in Mia FASTER's yard. He lived next door to Mia FASTER. I was probably 6 or 7 at the time. There was an enclosed front porch on the house and there was a ladder leaning up against the roof of the porch. My friend and I wanted to see who would climb up the ladder the highest. He went first and made it up about four rungs before he backed down. Not to be outdone, I climbed all the way up on the roof. I remember standing up on the roof and slipping...

Mia FASTER was working in the kitchen, looked out and saw us playing in the yard. A few minutes later she heard a commotion on the porch roof. She ran out, looked up on the roof and saw me rolling towards

the edge. As I slipped, I grabbed the electric lines running low over the roof, and was electrocuted into unconsciousness. I had let go of the line and was starting to slowly roll off the roof. She raced up the ladder and grabbed me just as I was about to fall. It would have been a serious fall for a six-year-old; I would have landed right on the porch steps. As it was, I was seriously injured from being electrocuted.

I remember standing in the middle of the street; Mia FASTER was shaking me and asking, "Kan du se ditt hus, kan du se ditt hus?" "Can you see your house, can you see your house?" Then everything went black. Next I remember waking up in our house, lying on the bed, with the doctor looking me over. I was going to be all right, except where I had touched the wire I had burned my hand. I still have two scars from the incident... I don't ever remember climbing any ladders after that!

Kaj Håkan Granholm

That enclosed porch or as it was called veranda was a place where the children, their wives and grandchildren could get together with Mia.

...or for birthdays such as Teodor's 70 year day

The family ring is large and growing fast as you can see from the recent picture of Tore and Tordis at their 60-year wedding anniversary . Below is a verse from on our our songs, Forest Pine-Granholmen, which you can find on the Homepage/ Creative Arts/Music

*We're all alike, just like this spruce, our sons were by our side.
They're rooted now, though spread around, this country far and wide.
Someday when I am old and bent, my crown will turn to gray.
And in this place, where I was born, that's where I want to stay.*

*På samma sätt som granen, våra barn är oss omkring
Med rötter fast de leva nu, i en familjering.
En dag när jag är gammal, grå, min tid skall gå förbi
Och här var engång jag var född, är var jag vill förbli.*

*Ja kuusten lailla lapsemme myös ympärillä on,
He vahvoin juurin elävät perheissä kuusiston.
Kun kerran olen vanhus painan lepoon harmaan pään,
Ja sinne missä synnyinkin, vain sinne aina jään.*
